Introduction

As well as the workbook we've provided to help you think about your communications plans, we have also created library of assets that you can use to execute your comms plan.

From posters and leaflets, digital banners and videos to written templates, there is loads to choose from that best suits your organisation.

Additionally, many of the items within the library can be personalised, either by yourselves or via the Comms Vault service.

Once you've decided which assets you would like to use, visit the Comms Vault page and place your request.

1. Awareness Assets

Content that is designed to promote that Loop is 'coming soon' and just a general awareness of the solution

Written Template: Email Template

- Example written email that can be sent out via email, including via the email notifications within Optima.
- Gives top level information on what is Loop.

Can this be personalised?	Yes
Who can personalise	Yourselves
Supplied Format	PDF

Loop | Email Template

Version 1 | Updated 03.06.2023

This example email is a template for a teaser communication you can send out to all staff, to make them aware. Feel free to personalise this template, including adding links to your resources for introducing Loop, adding personal quotes from your senior team and more.

Example Email

Title: Introducing Loop | Your new way to see your roster

We are excited to unveil our brand new app that is coming soon to <Org Name>. Loop will allow you to have instant access to your roster, so you can have a greater control over your working life.

What can I do in Loop?

- View your roster in the calendar.
- See who you're working with.
- Request your annual leave periods.
- Book causal shifts at the touch of a button.

Written Template: Newsletter Template

- Example written article that can be used in communications channels, such as digital newsletter, intranet bulletins and printed newsletters.
- Gives top level information on what is Loop.

Can this be personalised?	Yes

Supplied Format	PDF 150 x 300 word versions included

Loop | Newsletter Template

Version 1 | Updated 03.06.2023

These example newsletter articles are templates for a teaser communications you can send out to all staff, to make them aware. Feel free to personalise this template, including adding links to your resources for introducing Loop, adding personal quotes from your senior team and more.

Below is an example of a short written article that is ideal for your written communication channels to help make your employees aware of what Loop is and how they will benefit from it. It is designed to be a short, high level introduction to Loop and so you can direct them to a key contact or an internal resource (intranet, shared area, etc) for more information.

This is ideal for use in:

- Organisation/Departmental Newsletter (Print or Digital)
- Leadership Written Communications
- Intranet News Articles
- Emails

Below are a two different examples at different lengths:

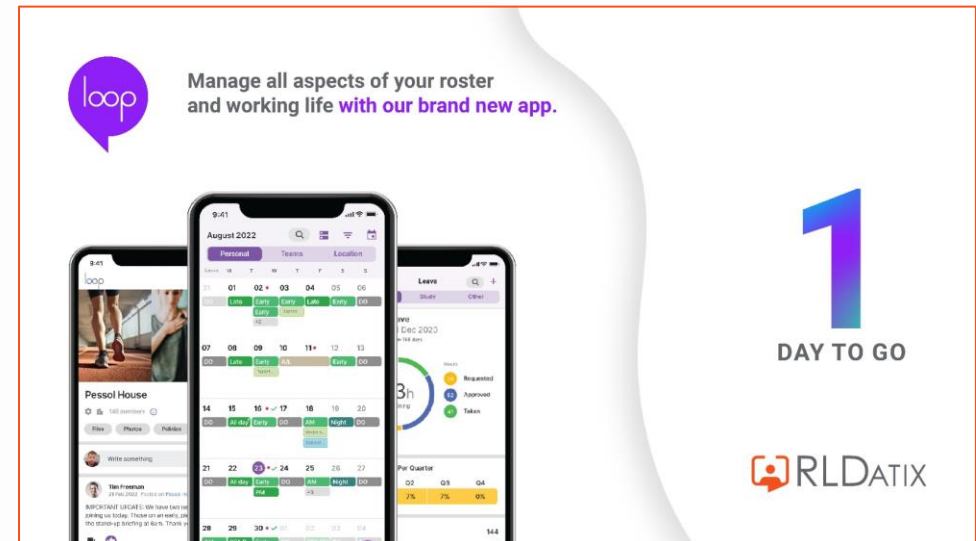

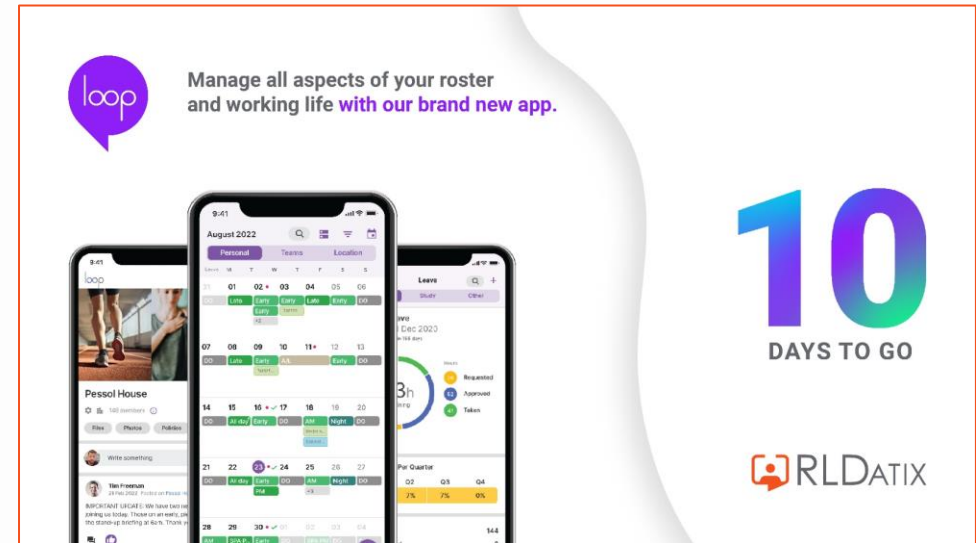

Awareness Assets

Digital Item: Countdown Screens

- From '10 days to go' down to '1 day', these screens can be used to create a buzz around when the launch date of Loop will be.

Can this be personalised?	No
Supplied Format	JPEGS, landscape 16:9 ratio

2. Knowledge Assets

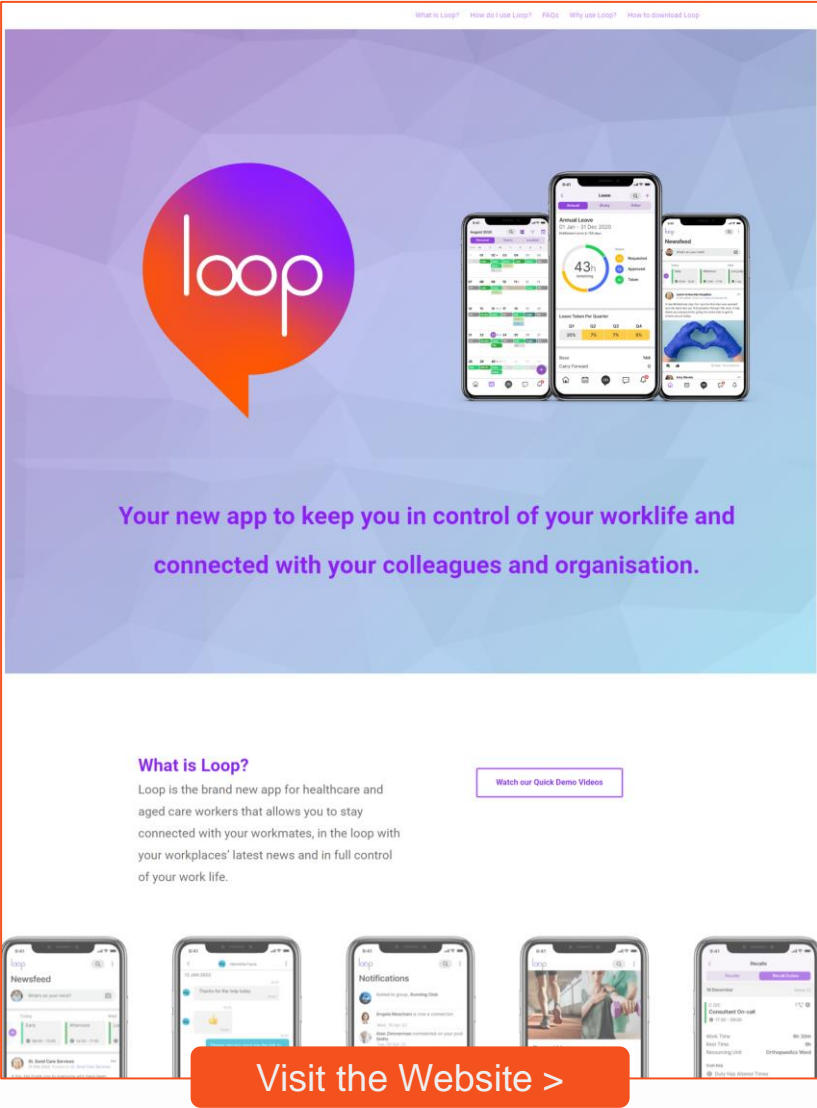

Content that answers any questions people may have about Loop, including 'what is does' and 'FAQs'

Digital Item: Loop Website

- An external facing website that lets visitors know what is Loop, it's features and how to use it.
- If not having own internal intranet, this website can be used in lieu of that.
 - Please note, this website cannot be personalised as it serves as one website for all organisations.

Can this be personalised?	No
Supplied Format	URL No need to request this from the Comms Vault. Just use this link below: https://workforce-au.rldatix.com/download-loop/

Digital Item: Internal FAQs

- This template gives you a range of answers to typical questions and space to add your own answers to organisation specific questions about Loop.

Can this be personalised?	Yes
Who can personalise	Yourselves
Supplied Format	PDF

Section: Getting Started

What date is Loop launching at <ORG NAME>?

- <Input your own answer. If you are not releasing the launch date until later in your awareness campaign, keep this question in but have a coming soon answer.
- Option 1: Loop is arriving in the near future. Keep checking back for when we reveal the date when you can start using Loop.
- Option 2: Loop will be arriving on XX/XX/XXXX.

Top Tip: Are you holding a launch event? Include the details within your FAQ's.

Who will be able to access Loop?

- <Add own details. Is it available to everyone from day one or is Loop being phased roll out.>

I don't work on a roster. Can I still use Loop?

- <This is at the decision of what you are doing as an organisation. If it is for everyone, you can use the Loop>

How do I get Loop onto my phone?

- It's simple. Search 'Allocate Loop' on your App Store and download it, just like any other app. Or you can use these direct links:
 - Google Play: <https://play.google.com/store/apps/details?id=com.allocatesoftware.loop.australia>
 - App Store: <https://apps.apple.com/au/app/allocate-loop-australia/id1566995609>

How do I login to Loop and connect with workplace?

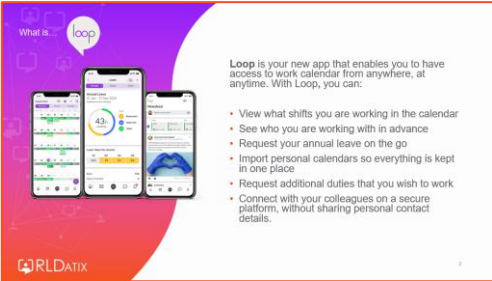

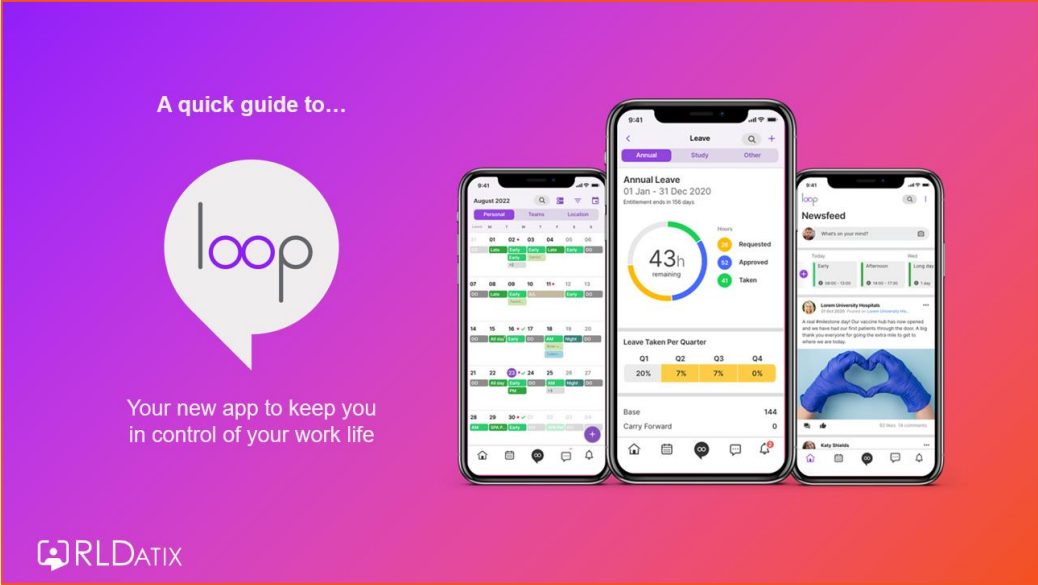

1. Once you have downloaded the app and opened it, create yourself a Loop login using your

Digital Item: Brochure

- A digital PDF guide that highlights all the features of Loop. Always useful to keep for a quick reference.

Can this be personalised?	No
Supplied Format	PDF

Getting in the Loop?

It's easy as 1, 2, 3

To get yourselves into Loop, all you need is your smartphone and follow these 3 simple steps.

Download Loop from your chosen App Store

- To find, scan the QR codes above, or search 'Allocate Loop' in your app store. You will receive an email to verify your account.

Create your Loop Account

- Use your personal email to create your Loop account.
- You can also add your mobile phone number for a quicker sign in but don't worry, this personal information is not shared with anyone you connect with.

Connect to your organisation, using your Organisation Credentials

- This then connects you to your organisation and colleagues.
- You only have to connect to your organisation once.
- These credentials are provided to you by your organisation, and includes a username and password.

And that's it, you're in the loop
Got a question? Contact:

Print Item: 'How to Connect' One Pager

- E-mailable information sheet about how to connect to Loop.
- Ideal for emailing or hosting on internal resource area (IE: Intranet)
- For non-Single Sign On (SSO) organisations only.

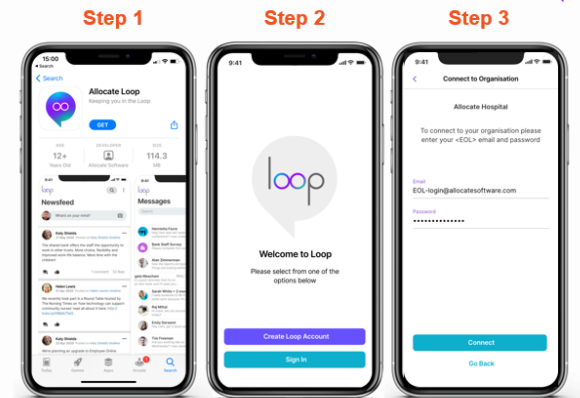

Can this be personalised?	No
Supplied Format	PDF

Downloading Loop | It's easy as 1, 2, 3

To get yourselves into Loop, all you need is your smartphone and follow these 3 simple steps.

- 1. Download Loop** from your chosen App Store
 - To find, search for **'Allocate Loop'** in your app store.
- 2. Create your Loop Account**
 - Use your personal contact details to create your Loop Account.
 - This is what you will use for logging in the future and in case you forget your Loop password.
 - You'll then receive a text or email to verify your account.
- 3. Once logged in, connect to your Loop account to your organisation using your provided credentials.**
 - These credentials are provided to you by your organisation, and includes a username and password.
 - You may know this as your EmployeeOnline or Allocate Optima details.
 - Once connected with your org, you will then only need your Loop details from step 2.

Logo

What is Loop?

Easily book your holidays
Manage and request your leave on-the-go, including annual and study leave.

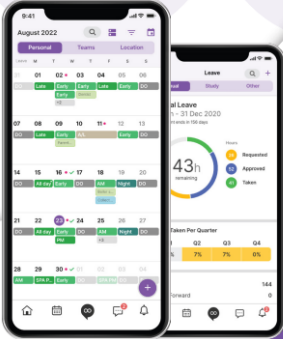

From viewing your rostering, booking annual leave to requesting the duties you want to work in advance, Loop is our brand new app that lets you take control of your working life and all at the touch of a button.

See when and where you're working
View your personal roster in the calendar view.

Check out who's in your team
View your roster by team and location, so you can see who you'll be working with.

Shifts at your fingertips
See all eligible vacant shifts you can pick up in Loop, and request them at the touch of a button.

Plus, stay in the loop with teammates
When rostered, you'll automatically be added to a staff group, so you can chat within your team anytime and anywhere.

Digital Item: Email Signature

- Spread the news of Loop on every email you send, by adding this graphic image to the bottom of your internal emails.
- For added benefit, you can hyperlink to your internal resource or the [Loop website](#).
